NEW HEAVY DUTY SOLUTIONS

MILLIONS OF NEW REPAIR OPPORTUNITIES AND SOLUTIONS

READY TO SHIP, BACKED BY A BRAND YOU CAN TRUST

DPF DIFFERENTIAL PRESSURE SENSOR

AFTERMARKET EXCLUSIVE | **MORE COVERAGE FROM THE LEADER IN AFTERMARKET HD SENSORS**

904-7001

Hino 2020-08 (Various models, including 238, 258, 268, 198, 358, 195)
OE Number: S893901090

- Precision-engineered and manufactured to match the fit, function and performance of the original sensor on specified Hino trucks to accurately measure the pressure inside the DPF to help determine when regeneration cycles are required
- Reliable replacement for a sensor that is damaged or has failed from internal component malfunction

FUEL INJECTOR WIRING HARNESSSES

AFTERMARKET EXCLUSIVES | **FAST, SEAMLESS INSTALLATION**

904-7803

2018-09 Detroit Diesel DD13 (Front)
OE Number: A4711508233

904-7804

2018-09 Detroit Diesel DD13 (Rear)
OE Number: A4711508333

- Designed to precisely match the original equipment injector harness on specified truck years, makes and models
- Harness includes fully insulated electrical connectors to prevent corrosion
- Features factory-style connectors for quick, reliable installation

ENGINE OIL DIPSTICK AND TUBE ASSEMBLIES

AFTERMARKET EXCLUSIVES | **COST-EFFECTIVE REPAIR**

LOCKING DIPSTICK AND TUBE

917-5511

Mack CXN 2007-04, DM 2005-04, MR 2007-06, RB 2005-04, RD 2004
(Engine Desg. E7; Engine Mfr. Mack, From 08/27/03)
OE Number: 25131042, 715GB3135B, 795GB377A

ENGINE OIL DIPSTICK AND TUBE

917-5518

2019-08 Cummins ISL, ISC
(Various models with Engine Desg. Cummins ISL and ISC)
OE Number: 3974288

- Designed to match the fit and function of the original equipment components on specified vehicles
- Engineered to help ensure that engine oil level can be accurately measured when a component or components from the original assembly is/are missing, bent, or failed from corrosion

- Manufactured to precise tolerances to seamlessly replace a worn-out or broken cable on specific Volvo trucks
- Engineered from durable materials for reliable service life

FIFTH WHEEL GREASE PACKET

SAVES TIME, HASSLE, & CLEANUP

872-000
Universal Application

LEARN MORE

- Unique pre-packed grease tube saves labor and cleanup time by eliminating the sloppy, imprecise bucket or grease cartridge-and-trowel method of lubricating the fifth wheel
- Tests have shown this product can reduce waste and save up to 10 minutes per lubrication application, compared to conventional methods of greasing the fifth wheel plate
- Each tube contains a precise and consistent amount of high quality lubricant to help ensure proper grease distribution
- This user-friendly product can help ensure smoother tractor-to-trailer connections, more uptime, predictable operating costs and safer hauling
